Sprint 5 Report
Understanding Healthcare Data
6/8/2020

Actions to stop doing:
Stop working on the project :)

Actions to start doing:
Push our latest changes to Github.

Actions to keep doing:
Add finishing touches to the powerpoint presentation and rehearse more often leading up to June 12th.

Work Completed / Not Completed:
Completed user stories:
- User Story 1: *As a programmer, I want more predictive models at my disposal.*
  - *Task 1*

- User Story 2: *As a programmer, I want to compare the effectiveness of my RNN model vs. my CNN model on Synthea generated data.*
  - *Task 2*
