<div align="center">

**Sprint 4 Report**
Understanding Healthcare Data
5/24/2020

</div>

**Actions to stop doing:**

Worrying about the first iteration before we're able to test it on real data.

**Actions to start doing:**

Focus on finishing the presentation and getting our results on the real data.

**Actions to keep doing:**

Adjusting our code as we get results back from Rob during our weekly meetings.

**Work Completed / Not Completed:**

Completed user stories:

User Story 1
- Task 1
- Task 2
- Task 3

User Story 2
- Task 4

Unfinished user stories:

N/A
